FOCUS on WASHROOMS

Tooshlights is a **public restroom lighting system** that communicates stall occupancy. The LED lighting system expedites wait times, enhances security, and assures privacy. Wireless technology triggers the light to change to red or green and can be used for both regular and handicapped bathroom stalls. TOOSHLIGHTS by TOOSHLIGHTS. Circle 201. www.tooshlights.com

The Concealed SOLIS Flushometers are **ideal for vandal-prone restrooms** and are installed behind the wall for secure operation. These flush valves use natural or artificial light to power the sensor. Select from 1.28 or 1.6 gpf for wall-hung units and 0.5 or 1.0 gpf for urinals. CONCEALED SOLIS FLUSHOMETERS by SLOAN. Circle 202. www.sloanvalve.com

Using **cold plasma technology**, this warm-air hand dryer dries and sanitizes hands without chemicals or filters. The generator inside splits airborne water molecules into oppositely charged ions that can break down gases and kill E. coli, C. diff, staph, MRSA, and tuberculosis. EXTREMEAIR SERIES WITH COLD PLASMA GENERATOR by AMERICAN DRYER. Circle 203. www.americandryer.com

The 1.28 gpf Elementary Toilet's **kid-friendly features** include a slow-closing seat to protect little fingers and a cover lock that keeps children from playing with the tank trim. It meets TAS standards for ages 5-8 and the rim height of 11.25 inches meets ASME's juvenile height standards. ELEMENTARY TOILET by MANSFIELD PLUMBING. Circle 204. www.mansfieldplumbing.com

3500 Series Metering Faucets include a self-closing mechanism that **delivers a precise amount of water** and shuts off automatically. The fixtures also feature 0.5 gpm output and easily adjustable cartridges for additional water savings. Compatible with single-hole sinks. 3500 SERIES METERING FAUCETS by CHICAGO FAUCETS. Circle 205. www.chicagofaucets.com

Compact is a **coreless tissue system** that provides up to six times more capacity than a single 2-ply roll. It delivers 3,000 sheets of 2-ply tissue or 6,000 sheets of 1-ply for continuous service. Features a transfer paddle to prevent access to a new roll before the current one is empty. COMPACT SIDE-BY-SIDE DOUBLE ROLL BATHROOM TISSUE DISPENSER by GEORGIA-PACIFIC PROFESSIONAL. Circle 206. www.gppro.com
