Plumbing Industry News

Mansfield Plumbing Products, LLC Expansion Plan Receives Ohio Job Creation Tax Credit.

Mansfield Plumbing Products, LLC, one of the largest domestic producers of sanitary ware products, has been awarded a 60% Job Creation Tax Credit over eight years by the Ohio Tax Credit Authority.

The incentive is based on the Company's plan for a \$9 million investment to expand its Perrysville, Ohio manufacturing capacity by 50% and create over 150 jobs in the next three years at the Ashland County based facility. The Company currently employs approximately 455 at its Perrysville location, plus has manufacturing plants in Big Prairie, Ohio and Henderson, Texas, and a leased warehouse in Ashland, Ohio.

Mansfield remains one of only four sanitary ware manufacturers with US based manufacturing facilities, as much of the industry has gravitated to off-shore production. "This incentive by the state enables the Mansfield Plumbing organization to continue its commitment to manufacturing jobs in Ashland County and the State of Ohio," says Philip G. Taggart, Mansfield's Chief Financial Officer. "The grant helps position the Company to serve a recovering US housing market and an increasing desire by American consumers for Made in USA product."

About Mansfield Plumbing Products, LLC

Mansfield Plumbing Products, LLC, founded in 1929, is a leading producer of top quality, high design, performance plumbing fixtures and fittings for use in residential, commercial, and institutional markets. The Company's plumbing fixtures and fittings are available through one of the industry's most extensive networks of more than 2,800 distributors located throughout the US, Puerto Rico, and Canada. Additionally the Company's plumbing products are sold through select retail, do-it-yourself home improvement centers, and designer kitchen and bath showrooms.
